It provides impartial, specialist advice for individuals, corporates and trustees on pensions, retirement planning, inheritance tax planning, investments and group risk and business protection matters, often working closely with other professional advisers such as accountants and lawyers.

The group differentiates itself by having a strong and ethical client-centric culture, a robust compliance approach and a clear focus on developing its pipeline of trainee adviser talent through its workplace based in-house Training Academy.

Perspective has a turnover of £17 million, with £2.8 billion of assets under management.

CBPE Capital LLP recently made a major investment in Perspective to support the Group's management team with their continued focus on providing high quality advice to their existing client base, growing organically and making selective acquisitions.

Perspective has gained a reputation as the 'acquirer of choice' for Financial Planners looking to retire and exit the industry and for larger Financial Planning firms looking to join an established and growing industry leading group.
